

Creation

"In the beginning God created the Heavens and the Earth."
Genesis 1:1

INSTRUCTIONS

- Read the Bible story on Monday and do the letter of the week. This week's letter is the letter "C" for creation! God created the heavens and the earth!
- Assign different characters to each student and help them practice their pretend parts for the play. This pretend play is not about learning lines like a traditional play. It is letting them free play, pretend, and interact with each other based on the characters in the Bible story they have learned about. YouTube has great videos of how to make children's Bible costumes in five minutes or less. You can make them with an old sheet, fabric glue, and a hot glue gun. Easy and the children love to play dress-up!
- Record the children performing the play with their parent's permission. You can share copies with parents for gifts.
- Have the children also work on their Creation Books & Letter Tracing Page.
- Discuss the meaning of the Bible story and what God is teaching them.
- Review the week and ask children what they liked most about the Bible Story. Example-reading of the story, the play, the letter of the week, discussion time, etc. You might be surprised to see that the Bible story continues to be acted out in their regular day pretend play! Super cute!

Play Leads & Costume Ideas

- **God** - White wig with a white sheet dress.
- **Different Animals** - Felt-created animal ears can be glued to a knit hat. You can also make a coordinated sheet dress that matches an animal's fur pattern by easily gluing dots or stripes on it to create different types of animals.
- **Birds** - Take a set of old fairy wings and glue feathers all over them. You will instantly have a set of bird wings!
- **Fish** - Create a sheet dress and then glue different color cut out material shaped scallops in a fish pattern.
- **Man** - Dress the characters up in sheet dresses like Biblical times.
- **Woman** - Dress the characters up in sheet dresses like Biblical times.
